

Meeting Minutes

Location: Discord

Date: October 26th 2023

Time: 5:00pm-6:00pm

Attendees: Lauren Rigante, Matthew Flaherty, Leo Brodeur

Purpose: Record video for submission

Agenda:

- 1) Come up with different test cases in order to display all scenarios in the UI
- 2) Record video explaining our UI and the different scenarios that can arise in our application

Questions that arose:

- 1) When re-uploading a new version of a class diagram/domain model, should we delete the old one or keep it for proof that we submitted the original version on time? Ask TA

Next Steps:

- 1) Matthew will edit and upload updated class diagram
- 2) Matthew will record and upload the video demo video
- 3) Lauren will edit and upload updated domain model

Work on Part 1 of Iteration 2 (complete formal specification and refine domain model)
