Meeting Minutes

Location:Discord
Date: Saturday October 21st 2023
Time: 3:00pm-6:00pm

Attendees: Lauren Rigante, Leo Brodeur, Matthew Flaherty

Purpose: work on part 2 of iteration 1 (class diagrams and interaction diagrams)

Agenda:
1) Update domain model
2) Work on class diagram as a team
3) Work on both sequence diagrams as a team

Questions that arose:
1) Do we include attributes in the domain model?
2) Change the registries to double box in the domain model to show collection?
3) Is temperature its own class, or is it an attribute?
4) Do we need a table or can we use a list of tuples?

Next steps:
1) Change table to list of tuples
2) Leo will convert our hand drawings of the system sequence diagrams using lucid chart
3) Matthew and Lauren will update the domain model to reflect the changes made in this meeting
4) Mathew and Lauren will update the class diagram to reflect the changes made in this meeting

Work on Part 3 of iteration 1
